#### Safety:

Your child's safety is our #1 concern. Safety rules are stressed at all times. Our program directors must have the full attention of each camper while they are at the farm without the distraction from well-meaning family.

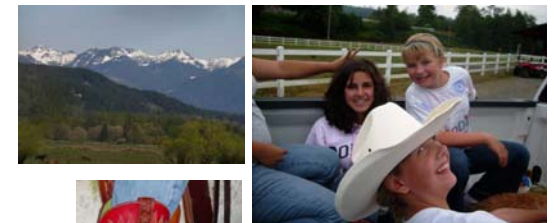

**Helmets and boots are required.**

#### Refund Policy & Fees:

If unforeseen circumstances require withdrawal, all but \$50.00 of registration costs will be refunded before the June 20 deadline. A 50% refund will be given up to 2 weeks before the camp session. No refund will be given 2 weeks before camp unless we can fill your spot with someone on the waiting list, then 50% refund policy will apply.

# Natural Horsemanship Camps

For children ages 7 to 15  
Fall City, Wash.  
425-222-7911

A learning program of:

  
NW Natural Horsemanship Center

# 2010 Camps

The Northwest Natural Horsemanship Center (NWNHC) provides your child a unique introduction to horsemanship and riding with

summer camps packed with learning and fun activities. It's not just about horseback riding. It

is a comprehensive program that teaches the responsibilities of horse ownership, how to be safe around horses and how to build a partnership with the horse through leadership; not fear and intimidation.

Your child will also learn how horses communicate with each other and how they can use that "language" to "speak to" and understand the horse.

It all starts with playing seven games and progresses to riding with a centered seat and proper balance.

Your child will also express their love of the horse through innovative art projects and photo journaling.

## Your Camp Director

*We are happy to welcome your child to the Northwest Natural Horsemanship Center at Patterson Creek Farm and are looking forward to providing a wonderful experience full of learning and fun.*

*When I first started being around horses, I was taught how to ride and care for them. but, it was not until the family got a racehorse, who no longer trusted humans, that I learned how to truly communicate with horses and understand the importance of "balance, lightness and feel." This summer your child will learn these lessons and how to achieve them without the use of fear, intimidation and force. Natural Horsemanship is a positive experience that also teaches positive life skills.*

*It has always been our special pleasure to teach children who's minds are free of old habits and who have an insatiable passion for fun. All is new to them and we look forward to giving them a wonderful start on a lifetime relationship with one of God's most magnificent creatures.*

*Jim "Hutch" Hutchins*
